Shriram invitational golf tourney on Feb. 15

OUR CORRESPONDENT

CHENNAI

Shriram EPC Limited, a part of the multi crore Shriram Group, along with its subsidiaries and associate companies, will conduct its inaugural invitational golf tournament on February 15. The event will be organised at the Cosmo-Tamil Nadu Golf Federation course.

The group is planning to conduct this tournament each year and bringing a pan Indian flavour to it by holding it at different cities each year, a press release from Shriram Group said. "We hope that this annual tournament will become one of the most sought after non professional golf tournaments in the country," the organisers added.

The inaugural tournament has already attracted 100 entries and offers some exciting prizes for the winners. Special prizes for the longest drive, the closest to pin and the longest putt are also on the cards. The players are broadly classified into two groups. One with a handicap level of +13 and the other +20.
