

## Shriram EPC bags ₹ 75 cr GAIL order

Chennai, Aug 1: Shriram Cottrell Pvt. Ltd (HSCL) has been awarded a contract amounting to Rs. 75 crore from the Gas Authority of India Ltd. (GAIL) for the construction of a Cooling Tower and Cooling Water Treatment Plant for the Pata petrochemical complex in Uttar Pradesh. The contract will be executed in 20 months. HSCL specializes in the execution and construction of cooling towers and air pollution control systems and has positioned itself as one of the foremost suppliers in the business. It has been a pioneer in introducing new technology to the business and was responsible for the advent of fibreglass cooling towers in India. HSCL has also recently forayed into natural draft cooling towers. HSCL is a joint venture between Shriram EPC and the Hamon Group of Belgium.
